SECTION 7: MAINTENANCE OF ACCREDITATION CRITERIA

Programs are required to maintain ongoing compliance with the NAAB 2020 Conditions for Accreditation. Programs need to report on any changes in the following areas that impact the program's ability to demonstrate on-going compliance. For each of the following resource areas, the program needs to indicate any significant and material changes that would impact its on-going compliance with the 2020 NAAB Conditions. Programs should note if they are addressing non-compliance in any of the following areas in a Plan to Correct but do not need to repeat documentation of progress that will be detailed in the Plan to Correct.

A: Program and Student Outcomes

Select the option that best describes whether or not the program has significant and material changes to program and student learning outcomes and/or to its ability to achieve its stated outcomes.

- The program HAS significant and material changes to program and student learning outcomes and/or to its ability to achieve its stated outcomes.
- The program has NO significant and material changes in this area.

*Please note any **significant and material** changes to program and student learning outcomes (established as part of Condition 3: Program and Student Criteria). If no such changes occurred, please mark "no changes."*

A1. Describe the significant and material changes to program and student learning outcomes and/or the program's ability to achieve its stated outcomes:

A two-year curriculum planning process concluded in Spring 2023 with the formal approval by the School Council of curricular modifications to both tracks of the M.Arch. Partly in response to the new NAAB framework, the adjustments aimed for greater flexibility given to students in shaping their course of study, a more even distribution of technical knowledge across the curriculum, and a greater emphasis on diversity and non-western traditions. They consist in the following:

M.Arch I (3-Year)

- " Reduce required credits to complete M.Arch I program from 105 to 102 credits
- " Adopt option process for Integrated Design Studio
- " Allow students to take an additional Vertical Studio in lieu of Thesis
- " Add 1-credit course in Urban Representation + Sketching during Summer (Rome) " Add a required 3-credit course in Parametric Design + Computation
- " Rework content from three current Structures courses, combining them into two 3-credit courses "
- Convert to a restricted elective in Technology & Systems
- " Rename Summer (Rome) H/T course to Analysis and History of Urban Form
- " Move History of Architecture I to Semester 2 (Spring)
- " Add a required course in Diverse Histories of Architecture 20C + Beyond
- " Move Management of Professional Practice to Semester 5, to align with Integrated Studio and ARC 663 "
- Remove 3-credit Practice Elective
- " Add a 1-credit module on Professional Portfolio to Semester 1
- " Add a 1-credit module on Profiles in Practice to Semester 2
- " Option for students to do thesis, research studio or another UL studio as their final thesis project

M.Arch I AP (2-Year)

- " Adopt option process for Integrated Design Studio
- " Allow students to take an additional Vertical Studio in lieu of Thesis
- " Merge incoming AP students with second year M.Arch I students in first studio (ARC 607)
- " Move Management of Professional Practice to Semester 5, to align with Integrated Studio and ARC 663 "
- Add two Technology + Systems requirements: ARC 663 + one elective.
- " Option for students to do thesis, research studio or another UL studio as their final thesis project

B: Curriculum Development and Faculty Resources

Select the option that best describes whether or not the program has significant or material changes to its process for assessing its curriculum and making adjustments based on the outcome of the assessment.

- The program has significant or material changes to the program's process for assessing its curriculum and making adjustments based on the outcome of the assessment.
- The program has NO significant or material changes in this area.

Please note any **significant and material** changes to the program's process for assessing its curriculum and making adjustments based on the outcome of the assessment. If no such changes occurred, please mark no changes.

- ˆ The relationship between course assessment and curricular development, including NAAB program and student criteria.
- ˆ The roles and responsibilities of the personnel and committees involved in setting curricular agendas and initiatives, including the curriculum committee, program coordinators, and department chairs or directors.

B1. Describe the significant and material changes to the relationship between course assessment and curricular development and/or the roles and responsibilities of the personnel and committees involved

in setting curricular agendas and initiatives:

The New NAAB framework prompted new assessment procedures including the following:
-a mandatory Qualtrics survey by students to assess each course.
-mandatory end-of-term self-assessment sessions for core instructors to collectively review and assess core studios and courses
-new standardized metrics and rubrics to serve in all self-assessment efforts

Please note any significant and material changes to the program s process for assessing its curriculum and making adjustments based on the outcome of the assessment. If no such changes occurred, please mark no changes.

C: Architect Licensing Advisor

Name(s):	Shawna Meyer
Date of last NCARB licensing advisor summit each advisor(s) attended:	08/03/2023

If a program uses more than one architect licensing advisor, include each advisor.

D: Student Support Services

Select the option that best describes whether or not the program has significant or material changes to support services available to students in the program.

- The program has significant or material changes to support services available to students in the program.
- The program has NO significant or material changes to support services available to students in the program.

*Please note any **significant and material** changes to support services available to students in the program, including but not limited to academic and personal advising, mental well-being, career guidance, internship, and job placement. If no such changes occurred, please mark no changes.*

E: Physical Resources

Select the option that best describes whether or not the program has significant and material changes to the program’s physical resources and its ability to safely and equitably support the program’s pedagogical approach and student and faculty achievement.

The program has significant and material changes to the program's physical resources and its ability to safely and equitably support the program's pedagogical approach and student and faculty achievement.

- The program has NO significant or material changes in this area.

Please note any **significant and material** changes to the program's physical resources and its ability to safely and equitably support the program's pedagogical approach and student and faculty achievement. If no such changes occurred, please mark no changes. These changes include any of the following:

- ˘ Space to support and encourage studio-based learning.
- ˘ Space to support and encourage didactic and interactive learning, including lecture halls, seminar spaces, small group study rooms, labs, shops, and equipment.
- ˘ Space to support and encourage the full range of faculty roles and responsibilities, including preparation for teaching, research, mentoring, and student advising.
- ˘ Resources to support all learning formats and pedagogies in use by the program.

F: Financial Resources

Select the choice that best describes whether or not the program has significant and material changes to the program's institutional support and financial resources that would impact the program's ability to support student learning and achievement during the next term of accreditation.

- The program has significant and material changes to the program's institutional support and financial resources that would impact the program's ability to support student learning and achievement during the next term of accreditation.
- The program has NO significant and material changes in this area.

Please note any **significant and material** changes to the program's institutional support and financial resources that would impact the program's ability to support student learning and achievement during the next term of accreditation. If no such changes occurred, please mark no changes.

G: Information Resources

Select the choice that best describes whether or not the program has significant and material changes to its ability to ensure that all students, faculty, and staff have convenient and equitable access to information resources.

- The program has significant and material changes to its ability to ensure that all students, faculty, and staff have convenient and equitable access to information resources.
- The program has NO significant and material changes in this area.

Please note any **significant and material** changes to the program's ability to ensure that all students, faculty, and staff have convenient and equitable access to the following. If no such changes occurred, please mark no changes.

- ˘ Architecture literature and information, as well as appropriate visual and digital resources that support professional education in architecture.
- ˘ Architecture librarians and visual resource professionals who provide discipline-relevant information services that support teaching and research.

NAAB-accredited programs are required to ensure that the following information is posted online and is easily available to the public. Provide a link to the webpage where each item is posted.

SECTION 8: SUBSTANTIVE CHANGES

1. Substantive Change

Indicate below whether the program has had a substantive change in any of the following areas during the past year. If so, provide the status of each change approval request: If the program has not had a substantive change in any of these areas, check "Does not apply -- no change." As a reminder, Substantive changes must be reviewed by NAAB **before implementation** by the program or institution. Substantive changes requiring review and the process for applying for approval of those changes is described in the [2020 Procedures](#).
