

## FABRICATION LAB

Thomas P. Murphy Design Studio Building  
The fabrication resources have been  
relocated to the new Fabrication Lab.  
All laser cutting and 3D printing have  
been consolidated in this new facility.

## STUDIO 24

Building 35, Room 140  
Studio 24 is available 24/7 to all  
U-SoA students who completed the  
Safety Training at the Model Shop.

## MODEL SHOP

Building 35, Room 150  
The Model Shop includes both digital  
and analog fabrication equipment.  
Along with traditional wood working  
tools and machinery.

## RAD LAB

Building 35, Room 160  
RAD provides resources and expertise  
for project-based research on the  
spatial ramifications of embedded  
technology and ubiquitous computing.

## VIRTUAL REALITY LAB

Building 35, Room 270  
The VR-Lab offers U-SoA students  
opportunities to experience virtual  
reality using the HTC Vive Pro.
